

BEAUTY HINTS FOR YOUR HAIR

How to Prevent It From Growing Gray.

There is no occasion for you to look haggard or prematurely old because of gray, streaked with gray, faded hair. Don't let this condition with its look of age rob you of youthful beauty and the wonderful opportunities which life offers. No matter how gray, prematurely gray, streaked or faded your hair might be, a "Creole" Hair Dressing will restore its natural color—brighten its healthy condition of the hair and scalp—and cause all of your gray to fall out. Added hair to become evenly, soft, lustrous and beautiful. This preparation is not a dye, but an elegant requisite which is easily applied by simply combing or brushing through the hair.

PRESERVATION OF CROWN AND DYNASTY AT STAKE

Kaiser's Move Intended to Stiffen Morale of German People in Face of Defeats.

Paris, Sept. 5.—The declaration of the German imperial chancellor, George von Hertling, that "the preservation of the crown and the dynasty are at stake," on the question of German franchise reforms has not impressed the French in well informed circles.

The Kaiser's move is believed here to be twofold. First, it is thought that he is bent upon stiffening the morale of the German people in the face of the recent defeats. Second, it is believed that he is trying to prepare the way for a winter peace plea.

There have been many signs within the last few days, that both needs are pressing. The situation is reflected in the tone of the German communiques, the interview with the crown prince, and the editorials of the German press, all of which are under the control of the military chiefs.

Amsterdam, Sept. 5.—In speaking to the constitution committee of the Prussian upper house to fulfill the emperor's pledge for reform of the franchise, Chancellor von Hertling said that in his honest conviction "with this serious question the protection and preservation of the crown and the dynasty is at stake."

Count von Hertling's address was delivered at the opening of the discussion by the committee of the Prussian franchise reform question. "The government," said the chancellor, "considers that its task is to bring to fulfillment

the royal pledge expressed in the July message.

"As all the sons of the fatherland are defending the fatherland, there is no question of special discrimination at the next election."

"The object is one which I undertook to achieve when I accepted office, and upon which I stand or fall, but it is no question of ministerial responsibility in the ordinary political sense. My honest conviction is that with this serious question the protection and the preservation of the crown and the dynasty are at stake."

"Therefore, endeavor to find a road that leads to an understanding. The government sees no possibility of approving the bill in the form in which it came from the lower house. I fully appreciate the principles regarding the introduction of general, equal suffrage, but at the present time these principles must give way to greater tasks, namely, the protection of the most precious treasures of our political life—the dynasty and the crown. The government will exercise no pressure on you."

Gravest Disturbances.
Zurich, Sept. 5.—In his appeal to the constitution committee of the upper house, Count George F. von Hertling, the imperial German chancellor, did not mince words in predicting the "gravest disturbances" in Germany if the opposition delays the reform longer. "If the opposition delays the reform longer," declared von Hertling, "it will result in the gravest disturbances. By immediate action we may be able to avoid the extreme radicalization of the life politics. But I am not sure that the opposition has not delayed things too long, and that it is not already too late."

HARMONY PLAN FOR COUNTY POLITICS

Democrats Asked to Indorse Carter and Lynn, Republi- cans Two Candidates.

It was learned Friday morning that at a meeting held Thursday afternoon by leading republicans it was decided to have some of their leaders attend the meeting Saturday morning of the Hamilton county democratic executive committee and make a proposition to certain candidates for the legislature to be indorsed by both the republicans and democrats. The plan, it is said, is to have the democrats indorse Finney Carter for the state senate, and Charley Lynn for the lower house, and for the republicans to indorse two democratic candidates to be selected by the committee. In event the plan does not materialize, it is suggested by some who favor it that the democrats indorse Finney Carter for the senate and the republicans indorse the three democratic nominees for the lower house. This latter idea is especially pleasing to the democrats.

However, these ideas and suggestions depend entirely on the withdrawal of Col. Ed Watkins from the race for the state senate on account of a recent order issued by Director-General W. G. McAdoo. Col. Watkins, when seen Friday morning, stated that he still had made up his mind, but was awaiting an interpretation of the order from Washington. He said that of course if the order was found to affect him he would withdraw from the race. However, the meeting of the democratic committee Saturday promises to be an interesting one.

Senator W. H. Cummings and Byron E. Tatum are two leading democrats who unhesitatingly state that they favor the plan of harmony and the adjourning of politics. Senator Cummings stated that he thought the idea of a nonpartisan ticket an excellent one for the reason that now we have no time for bitter political fights and the people would not stand for it. Senator Cummings further stated that he had talked with a number of leading democrats, who favored a get-together ticket and everybody work in harmony and for the winning of the war. County Judge Sam A. Conner, who was one of the first to suggest the nonpartisan idea, stated Saturday morning that the more he thought of the idea the better he liked it. "Let politics be adjourned and the parties get together on a ticket and elect one without a bitter political fight," said the county judge.

HUNS WILL BE UNABLE TO STAND ON AISNE

Echo de Paris Predicts Fall of Ham as Now Foregone Conclusion.

Paris, Sept. 6.—It is virtually certain that the Germans will be unable to stand on the Aisne, but will have to retreat beyond the Chemin-des-Dames, said the Figaro yesterday in voicing "the view of all France."

The Echo de Paris says that the fall of Ham is now a foregone conclusion.

MEREDITH MURDER CASE SET FOR MONDAY, SEPT. 16

Gen. Chamlee Carries Out His Plan to Give Defendants an Early Trial.

The cases of Henry Meredith, charged with the murder of F. L. Sweeney, a soldier, and C. T. Love, R. K. Love and J. L. McJunkin, charged with larceny of a number of automobiles, have been set for Monday, Sept. 16. Atty-Gen. George W. Chamlee stated Friday he was anxious to try these cases at an early date while the witnesses were all here and the facts fresh in their minds. The cases are important ones and will probably take the entire day as there is a large number of witnesses in each case. Meredith is charged with killing Sweeney after he and several negroes had chased him for several blocks. The Loves and McJunkin are charged with stealing automobiles and changing the parts around so that the owners would not recognize them.

COL. C. FRED BROWN SUFFERS SHELL SHOCK

Maj. Dyer, of Knoxville, May Succeed Him in Command.

Col. Brown Transferred.

Knoxville, Sept. 4.—Maj. Charles W. Dyer and Capt. Harry Curtis have been recommended for promotion by Col. Cary F. Spence, writing to Mrs. Spence from France. Maj. Dyer, it is thought, will succeed Lieut.-Col. C. Fred Brown, of Chattanooga, who is suffering from shell shock and has had to be relieved from his regiment. Capt. Curtis will probably succeed Maj. Dyer. Both of these men are trained soldiers from Knoxville and have seen service on the Mexican border as well as in American cantonnments and at the French front.

Mrs. Brown, in Chattanooga, received a letter from the colonel recently saying that he had been transferred to another division and was on this way at that time. As he made no mention of being shell-shocked in the letter, it is thought that his condition is not very serious and that Col. Brown will continue to serve at the front.

JEWISH YEAR 5679 IS USHERED IN TODAY

SOLDIERS AT POST GET SPECIAL FURLOUGH.

Will Be Guests of Jews of City. All Houses Open to Soldiers.

The celebration of the Jewish New Year holiday, or Rosh Hashana, which begins at sundown today and lasts until sundown Sunday, will have an added interest in Chattanooga this year account of the fact that a large number of Jewish soldiers from the park will take advantage of the furloughs granted them and will visit the city to attend the services. According to the Jewish count, this new year will be 5679 instead of 1918. Details of the arrangements for the handling of these men have been in the hands of the Jewish welfare board, and the J. W. B. workers have arranged for amply sleeping accommodations for the visitors. Every Jewish home in the city has been requested to take as many of the soldiers as possible, and the overflow will be cared for in temporary dormitories which will be set up in the Y. M. H. A. building, the Progress club and the feed store of Winer & Co. at 1132 Market street.

Besides the services which will be held throughout the period of duration of the holiday at the Jewish synagogues (both orthodox and reform) in the city, appropriate services have been arranged for in the J. W. B. at their tent in the detention camp, at the hut in Civic Center, and for the sick men in the various wards of the hospitals, and in the guardhouse. Due to the fact that the illness of Field Worker Arthur Kling and that of the wife of Charles Mantinband have taken these workers from the active force of the J. W. B. at the park, it was not possible to make arrangements for the transportation of the men into the city, and those soldiers desiring to attend the services here will have to come in on the street cars or buses. It had been planned to secure motor trucks for bringing the men in. It was announced this morning at the J. W. B. headquarters that separate services will be held as far as possible for the members of the orthodox and reform faiths. Every man of Jewish faith in the army or navy may secure a furlough from noon Friday until the morning of Monday, Sept. 9. Furloughs will also be granted for the Jewish Day of Atonement, or Yom Kippur, from noon of Sept. 16 until the morning of Sept. 18. It is estimated that considerably over 1,000 soldiers will take advantage of the opportunity to attend the services here in the city. Their furloughs begin today at noon, and it is probable that they will all be in the city before night.

PROMINENT FARMER COMMITTS SUICIDE

John W. Kellett Shoots Himself Three Times Through the Head.

Lyerly, Ga., Sept. 6.—(Special.)—John W. Kellett, age 64, one of the best known farmers of this section, killed himself by shooting his brains out with a pistol firing three shots. He has been in ill health for some time. Nine children survive him.

KIWANIANS SCOUR CITY FOR BELGIAN RELIEF

The various Kiwanian committees working today for the Belgian relief fund are all enthusiastic over the hearty response with which they were answered by those whom they interviewed. The amount to be raised is \$5,000, and every committee reported that they were succeeding unusually well with their quota and the belief has been expressed that subscriptions will greatly exceed the quota probably as much as \$2,000. The territory covered by the various committees has been divided to a certain extent in the same manner in which the war savings drive was conducted, the only difference being that the territory is not so thoroughly canvassed as was the case in the former drive. The various committees will meet this evening at 8:30 at the Patten hotel, where they will make their reports.

Changes in the standard time zones of the United States, moving the lines slightly westward are recommended in a tentative report made public today by the interstate commerce commission, the purpose being to unify railroad schedules.

An embargo was placed on all news print paper exports to Mexico from Laredo, Tex. This was said to be in answer to a recent decree of President Carranza, of Mexico, demanding that 30 per cent. of all news print paper imported be turned over to the Mexican government.

The administration waterpower leasing bill was passed by the house after several days had failed in a second attempt to amend it so as to carry out the wishes of President Wilson that a "fair value" instead of the amount of the "net income" should be paid by the federal or municipal governments in taking over power plants at the end of the fifty-year lease periods.

It is extremely unlikely that President Wilson will make a tour of the country in behalf of the fourth liberty loan. He feels that a prolonged absence from Washington this month would be unwise. Senators from the cotton growing states at a conference decided to protest to President Wilson against any action by the war industries board looking to the fixing of cotton prices.

Four hundred and sixty-five enemy machines have been destroyed and 200 disabled since the commencement of the offensive on Aug. 8, according to an official statement on aerial operations.

Retention of the present sugar ration of two pounds a month for each person was announced by the food administration at the conclusion of a two-day conference attended by administrators from the sugar division of the federal food administration.

A dispatch was received at Madrid from London reporting the assassination of the former Russian empress and her daughters.

Steps to enforce acceptance by employees of munition factories in Bridgeport, Conn., of the recent award of the war labor board are under consideration by the secretary of war.

The federal trade commission was sharply assailed and vigorously defended in the senate for its recent report to President Wilson recommending that the government take over control of the packing industry as a means to break up what it termed a monopoly of the meat business in this and other countries.

Frank H. Crookham has announced his acceptance of the presidency of the Woodward Iron company. A. H. Woodward becomes chairman of the board. In cooperation with the government, this company is about to begin the construction of a steel plant which will cost about \$25,000,000.

Premier Orlando and other Italian officials received at Rome an American mission composed of Congressmen Milton H. Welling and James H. Mays, of Utah; James B. Ansell, of Louisiana; Alben W. Barkley, of Kentucky; Marvin Jones, of Texas; and Charles T. Randall, of California. The mission will visit the American troops on the Austro-Italian front and also will inspect the Italian war plants.

It is this way. Money and eggs and things attract more money and eggs and things. The power of suggestion is also there. Things get lonesome and naturally want to be around where the crowd is.

Love Says He Hasn't Had a
Touch of Asthma Since
Taking Lung-Vita.

"I have been troubled with Asthma for two years and have had doctors and taken medicine, and I also tried different remedies that were recommended, without getting any relief."

"I would have very hard coughing and smothering spells at different times, and I could walk only a short distance without resting because of shortness of breath. I began to feel very uneasy about myself, for I had about come to the conclusion that I would never get well. I saw in the papers that Lung-Vita was a medicine for this trouble and bought a bottle. I have taken six small bottles of Lung-Vita to date and can say it has cured me entirely. I commenced to take the medicine last spring and have not had a touch of asthma since. I can now do as much work as anyone my age can do."

Lung-Vita is sold by druggists and dealers.—(Adv.)
